

With Our Soldiers and Sailors

CLAUDE R. BROWN NOW ON WAY TO FRANCE; MEMBER OF KINGMAN ELKS LODGE

Harry Williams, secretary of the Kingman lodge of Elks, has received the following letter from Claude R. Brown, member of the local lodge, who is stationed in Philadelphia.

Dear Harry: This is some town and the people certainly treat us fine. There are service clubs all over town where they have movies, eats and soft drinks for us.

The club rooms here are fine and I was sure made to feel at home. It has been raining all day and you know how these days are.

I'll be able to get something in a couple of weeks now, as my company was notified this morning that we would leave within forty-eight hours.

I'll let you know my address "over there" as soon as I know what it is myself.

Give my regards to all the fellows at the club.

Fraternal yours,
CLAUDE R. BROWN

'ANDY' GARDNER SOON TO BE TOP SERGEANT, CAMP KEARNY OFFICERS' MESS

The following letter was received from "Andy" Gardner of Camp Kearny:

Dear Dad: Received a couple of letters from you the other day. They still have got all the mail balled up here. I am now first cook at the Camp Officers' mess and am in line for a 1st Sergeant position, \$51.00 per. The place I am in now will pay me about \$50.00 but it is pretty hard work and one hasn't much time off. They give you a cook's wages of \$38.00 and also the officers pay you as the officers' mess is extra duty.

On my personal card, I told them I had been with you in Kingman, Arizona, and had had 7 years experience in cooking so if they refer to you give me a good one. If I worked as hard there as I do here, I would be doing all the work in the place. There is no "quitting the job" here.

We have the best there is to eat. Of course the officers pay for their own meals. I will not be able to get away from the camp for sometime again, that is, for a couple of weeks. I am going to try to get to see you soon if I can.

"ANDY" GARDNER

There is no deferred classification in food conservation. We are all in Class 1; all in camp, and ready to go "over the top" when we must further conserve.

SAM SWASKEGAME, ONE OF KINGMAN'S WALLAPAI BOYS LIKES ARMY LIFE IN FRANCE

The following letter was received this week from Sam Swaskegame, one of Kingman's Wallapai Indian soldier boys. Sam is now in France, and his address is 10th Inf. Co., Camp Kearny J. C. R. D., American Expeditionary Forces, via New York.

Somewhere in France: I am writing this letter to you to let you know I am getting along. I am getting along just as fine as ever and wish to hear from you people whom I left behind. I am wondering how you people are getting along now. I am doing fine and I will cheer myself up and enjoy my self what ever I do. I haven't felt homesick since I have been in the army, it seems as though I have a real home, but one thing that we do is travel from one place to another, but we are near the place where we will settle down until the scrapping is over. I would be very glad to see all of you again. I am not in a hurry to come back to my good home in the U. S. A., as there is lots of time coming and I am coming home to meet you again. I know how you people feel about we boys being in the war. We have got to do something to help our dear old Uncle Sam to make the people free from fighting, and you won't miss me. I am here to help to make peace for the people here and in all the world. You all know how it is and you wished the war would come to an end. We are here to do what we can. I have seen many different countries and I am sure proud to have seen these different places and I thank the good U. S. A. to ship me around where I can see all the different lands. You will always hear from me so be sure and write a long letter to me and tell me all the news that you can find. And give my regards to I. M. George and family and Ed. They wish to know about me but I have never written to them. And also tell all the others that I arrived across here safe and wish to hear from them. Have you some of the Indian boys butchering for yet? How is Ben Kayser getting along, and the poor old man and woman? You know who I mean, and how is the weather down there? This place is a very cold country. It has rained ever since we arrived. Well this will be enough for you today and be sure and answer to me most any time when you like to write. Don't be in a hurry in writing. Good-bye, as ever your friend

PVT. SAM SWASKEGAME, 10th Inf. Co., Camp Kearny J. A. R. D., American Expeditionary Forces, via New York.

MISS KATHERINE TEALE HAS INGENUOUS WAY OF TELLING ABOUT FRANCE

L. M. Teale received a letter from his sister Katherine last Wednesday from "Somewhere in France," telling him that they would shortly leave for the front.

The letter bore the date of July 1st and had been a good deal longer in transit than usual. Miss Teale by her ingenious letter writing is able to have her letters come through unchanged by the censor and by building from one letter to another tells a great deal to the folks at home about the country in which she is laboring, although should any one of these letters fall into enemy hands, they would be able to tell nothing by its contents.

The only tear we can shed with a smile is the profiteer.

OFFICE OF THE BOARD OF SUPERVISORS OF MOHAVE COUNTY, STATE OF ARIZONA

Continued from Page Four

Attest: F. N. VAN MARTER,
Clerk.

W. B. STEPHENS,
Chairman Board of Supervisors
of Mohave County, State of Arizona.

CLYDE GLENN ENJOYS LIFE WITH 27TH ENGINEERS AT ANGEL ISLAND CAMP

W. G. Damon this week received the following letter from Clyde Glenn, who is stationed at East Garrison, Fort McDowell, Angel Island, near San Francisco. Mr. Glenn was formerly Chloride correspondent for "Our Mineral Wealth" and conducted a confectionary store at that place.

Ft. McDowell, Angel Island, East Garrison: It seems to take some time for me to start that letter I promised you but I took two more weeks vacation than I expected to when I left Chloride.

I enlisted just a week ago in the 27th Engineers. They sent me from Los Angeles to the recruiting depot at Fort McDowell. Here they swore me in and dished me out in a nice uniform. I was examined by 20 doctors and they all passed me O. K. for any branch of the service.

I haven't learned much of camp life yet. We get up at 5:50 A. M. and go to breakfast at 6:15; go back, clean up our barracks, and those of us who are not on special duty go to drill at 8 o'clock. We have drill about two hours divided into three periods, then listen to a lecture for a while before dinner. We have dinner at 12 noon and supper at 5:05 P. M.

We are always at leisure in the evening and there is always something to do. There is a moving picture show every evening and we get the best and latest films on the market and are only charged five cents.

Then there is something doing most every evening at the Y. M. C. A. The Y. M. C. A. is one big bright spot to an army camp and they are entitled to more publicity and support than they get in the States. The Y building here is a large two story frame building with plenty of writing paper and envelopes free to the soldiers. They have lots of daily papers and magazines also lots of good books to read, they have several pool tables, checker boards and other innocent games. On last Monday night we had a boxing contest at the Y. M. C. A. They had about ten or a dozen two round bouts and four wrestling contests. They got all the talent here at the fort. They have had three musical entertainments since I have been here. Last night four young ladies came over from Oakland and sang a number of songs for us and there is something else billed for tonight. Everything but postage stamps is free at the Y. M. C. A. I have had one day at Kitchen Police, whose duty it is to help prepare and serve the food I was in the dining room most of the time so didn't learn just what quantities of food they prepare for each meal. In the dining room there are 260 tables that seat 12 men each. They use one waiter to two tables and after each meal it is his duty to wash their dishes and reset his two tables which is quite a job in itself. Well I guess this will be about enough for this time. I will try to tell you something different next time. If you have an extra paper you might send one to yours truly.

CLYDE GLENN
Co. 17, Ft. McDowell, Angel Island, East Garrison.

I have been ordered to leave here tomorrow the 3rd to join my regiment at Camp Leach, American University Washington, D. C.

I will drop you a line from there in a week or so.

CLYDE GLENN

The recent report that Dr. Tilton was in New York en route to France has later been found to be incorrect. Dr. Tilton is still at Columbus, New Mexico, anxiously awaiting his call to active service.
